

MyBuggyBuddy™

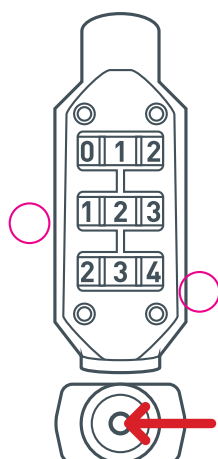

Essential Award-Winning Pram Accessories

Instructions

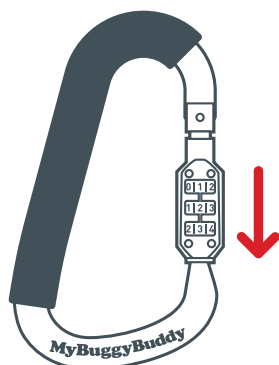

To Open 1. Simply set the code to **0-0-0** on the side facing the logo, then pull the lock up.

To Change the Combination 2. Using any pointed object like a pen, gently push down on the grey pin inside the lock system. While this pin is pressed, change the number to your desired combination. **3.** Release the pin and pull the lock down. **4.** The new code is now set. To open simply set the numbers to your chosen code.

Do's & Don'ts

- Do check load does not cause your buggy to tip.
- Do remove bags before removing your child from the buggy.
- Don't allow children to hang on the Lock.
- Do keep away from children at all times - this is not a toy.
- Do dispose of the Lock immediately if any damage becomes evident.
